

WSO Website and Database Committee August Updates

- The Database and Website Committee has a channel on Slack. If you are interested in participating, please send an email to [webservant@adultchildren.org](mailto:webservant@adultchildren.org).
- We can use people experienced with web design, particularly Word Press.
- We are working on Privacy Policy Statements for our websites, The office is looking at one for the shopping cart, This will help us do more GDPR mailing list subscriptions
- We continue to fix issues with the migration of adultchildren.org. Meeting lists were down for a few hours due to a problem with the google map API account. It is something we need to monitor.
- Updated acawso.org to use a better form to get information for Events and Best Practices
- Looking into presentation of events on acawso.org to sort by date more easily
- Created dev.acaworldconvention.org for the 2019 Host committee to start their website design. It will be ported to acaworldconvention.org soon. We will build an archive set of pages for prior ABC/AWCs.
- Assisting with the ACA Town Hall dry run – we used a standard teleconference system to do video and screen sharing for attendees to see web demos and Power Point presentations. We also used polleverywhere.com to do online polling. This is considered a backup to the Trippus system being used for the 2019 ABC registration system. Trippus also supports online, remote voting.
- We are working on making updates to the meeting lists Database for telephone meetings. A targeted Form to register, update and special display for these meetings since they use different fields than face to face to meetings.

August website usage statistics for August 2018

Page ?	Pageviews ?	Unique Pageviews ?	Country ?		Acquisition
