- We can use people experienced with web design, particularly Word Press.
- We announced a request for fellowship input on the website home page. What message should we have, what images and colors should we use. Submit an idea that we use and get a piece of ACA literature as a thank you.
- The meeting lists software continues to be updated. We have a change coming to allow groups to specify meetings on more than one day and time. This will simplify changes when they have one meeting contact and other shared information.
- The intergroup listings are now sorted by country, state, and then name.
- Online Voting and Remote voting for the 2019 will be a big project. We need to document procedures and define the requirements for support. We will need volunteers or paid support staff to make this major effort successful. A sub committee is being formed. Please contact [webservant@adultchildren.org](mailto:webservant@adultchildren.org) if you are interested in being involved.
