

New WSO Global Members Subcommittee

We are very excited to announce a new WSO subcommittee to support new and emerging meetings in countries outside of Canada and the USA. We are deeply grateful and inspired by the work of the European Network. We look forward to learning more from this wonderful network.

We are currently working with Bangladesh and India. A Canadian ACA formerly from India is working with India to provide additional meeting and translation support. We are looking for translation support for Bengali, Hindi and Punjabi. We are also in need for Hebrew translators and meeting support for Israel ACA.

We are having our first Global conference call on May 29, 11 am, EST.

We are starting with members volunteering from 3 plus continents, 5 time zones and 6 plus languages. More is still needed. If supporting new and emerging ACA meetings in other countries calls your heart and your recovery contact us at globalmembers@adulthood.org.

We have already learned that not only our global inner children don't all speak English, but some of them can't read and need an audible recording. We will periodically update our membership in the Traveler and on the WSO website. We would love to hear from you if you need support and/or can provide support. Service is a wonderful ACA recovery tool and a gift that keeps on giving back to us and our worlds.
