2020 Delegate Meet and Greet

Your loving parent is taking your inner child on a fun-loving trip. Using your inner child's imagination you are going to color a picture. You may even want to use your non-dominant hand. Check in with your feelings as you draw. You may want to write the feelings on the page.

- What vehicle will you ride in?
- Where will you go?
- Will you take anyone else with you?
- What will you do there?
- What conversation will your loving parent and inner child have?
