

Executive Committee March 2020

The month of march was a busy one.

We began with evaluating our office space and options as our lease is coming up and we knew we were growing our current place.

Working with Nick and Bill (Treasurer) we were close to bidding on a new, larger location.

Jim B. (secretary) flew in to check out the locations and all looked good.

Then came CV19.

Short story: with the economic downturn and nationwide pandemic we were offered a good deal to stay at the location we are in. We are staying.

We also had a brief closure of the SH office and now are back in operation as we received permission from LA County.

We also were very active on the 2020ABC/AWC. Including arranging transportation for board member.

Then came CV19.

Executive committee was very involved in how to proceed. Board approved a postponement to 2021 for the event in Boca and a virtual ABC/AWC 2020.

Personnel issues were discussed and an Ad hock HR committee was suggested to the board which was approved.
