

Monthly European Committee Report

AUGUST 2020

www.acawsoec.com

August was a month when a lot of things happened in the European Committee.

The European Committee took the decision to organize the 6th European Annual Event. We have had a lot of meetings about this, talking about day, program, and so on.

A program will be presented as soon as it is ready. We have started to reach out to the fellowship and asking for speakers and so on.

We have continued to work on getting more servicesponsors and sent out emails to every IG in Europe.

Also people from the Committee talking about distribution and translations of the literature with different committees.

We always look for more people willing to do service in the EC. If you feel you want to do that. Please contact: ec-chair@acawso.org.

All vice service positions is now vacant and we are looking for new officers. Se further down in this document for contact info. We are also looking for people with working knowledge of graphic design laying out and having contact with publishers regarding new translated literature. You will find our contact information below:
