January report

In January we agreed on our top 4 strategic goals.

Here they are:

- Support the development of a European Region to carry the ACA message to the adult child who still suffers.
- Join as many national events as possible during the year to strengthen the ACA community and increase the number of members doing service in Europe.
- Work towards an easier way to translate and print both translated as well as English literature.
- Get an overview of the European Fellowships, both groups and IGs, and do a survey about fellowship needs.

Both, the goals and the Purpose Statement are sent to Board for approval.

We also are working with the support to those countries working with translation and printing of translated literature.

As usual the fellowship grows we need more people to do service in the EC.

And we are now inviting people to joining our Working sessions. Hopefully it will make difference.

The next meeting for a European Region will be the 18th of February.
Invitation is sent out and could also be found on our webpage.

We are urgently looking for people who are willing to do service.
