

ACA WSO Intergroup Subcommittee Of Members Services Committee

Report

Saturday, March 27, 2021

- We made this a working call to revise the Starting an Intergroup document.
- We submitted the changes we made to the Service Network committee for the Intergroup section of the Service Manual.
- The April and May IGSC meetings will be canceled due to the ABC/AWC and scheduling conflicts. In lieu of the May meeting, we will work through Slack to continue work on the Starting an Intergroup document and the message to Intergroups, with the goal of having a first meeting with Intergroup representatives at the June 26 call.
- Draft message to Intergroups to put out a call for working meetings. This working group and their ideas could form the future vision of this committee.
- IGSC message to the room that we are looking for volunteers for the future work. Post it to the forum with a headline, EXCITING OPPORTUNITIES!! Needs to be created and posted to Slack Channel.
