

## LITERATURE COMMITTEE REPORT – APRIL 2021

The Literature Committee supports global ACA recovery by seeking to make program materials and resources accessible to adult children in ways that are affordable and available in all languages, and incorporate the broad values and experience of the ACA fellowship.

The Literature committee recently revised its overall structure and sub-committees. These will be posted in the next committee report.

Our major project in April was getting the LPG to the printer and contracting for the EPub, this is for Kindle. We have also worked with coordinating the launch with ACA around the world including printing in other countries. This is a joint project with Global and the new Publishing committee.

This is major milestone for ACA. The first book with the care and corporate input at this level. The LPG will be launched August 1<sup>st</sup> worldwide both in print and in digital format.

Our committee members:

Greg R, Suzi, B, Brad L, Lucia S, Christine B, Dalia B, Hasse, Rushali K, Justine F, Bonnie M, Ralph B, Louis B, Charlie H, Kathy T, Sarah O. Some I am sure I missed.

David McB Chair
