Global is now a standing committee and several of the subcommittees are without chairs. This is a perfect time to re-vision the Committee structure, including the possibility of cross-coordination between various subcommittees, rotating chairs, and broadening our scope and purpose. This meeting consisted of dreamweaving what our future work might include, for instance informational ongoing quarterly events for the larger fellowship to be hosted virtually, creating a working group of Intergroups to develop outreach initiatives, a page on the website that defines all open and possible service opportunities at the WSO and Intergroup level, and many others.

We welcome all fellowship members to join us to create this vision of outreach and engagement for the future.
