Mission Statement: To address safety issues related to environments during the coronavirus pandemic, and develop a long-term strategy and potential resources to help the ACA fellowship effectively address other safety issues.

This committee agreed unanimously to fold the subcommittees back into the full committee. Subcommittees no longer meet individually, but all issues are addressed at the full committee level.

Service Norms- We are continuing work on the service norms document and will be finalizing and submitting it to the CC Fellowship and Public engagement, and then to the board of trustees for review.

Virtual / Phone- This working group has disbanded due to lack of involvement.

The committee presented it's request to the CC Fellowship and Public engagement on 11/5/22 to change the committee name to "Safety Resources Committee." This was tabled to be discussed at a later date.

MSSC will meet again on Oct. 19th, 2022 at 4 pm Eastern.
