Statement of Purpose: Safety Resources Committee addresses safety issues and develops long-term strategies and potential resources to help the ACA fellowship effectively address common safety issues in and around all meeting environments.

We continue working on completion of the Service Norms document. The norms of conduct are intended to help promote trust and encourage respectful communication and behavior consistent with the ACA Traditions and Concepts. The central goal is not to eliminate differences, but to support us all in resolving conflicts in a healthy manner using program tools.

We are continuing to answer emails to our committee concerning safety issue concerns.

We are meeting twice each month, and will meet again on January 7 and 21 at 4 pm Eastern.
