- Kicking off the 2025 ballot process, the committee added 4 new members; additional volunteers are always welcome and we participate in WSO events such as quarterly board meetings with the fellowship and QDMs to facilitate breakout room opportunities for Q&A.
- 3 documents required for issuing the annual Call for Proposals were revised and finalized by 8/1; the Call for Proposals was posted and emailed to member meetings on 8/6.

- The committee has begun the process of gathering input about what works and what doesn't in the current ballot process. The goal was formulated to submit recommendations for changes to the process to the fellowship via a ballot proposal.
